Children under twelve years of age at the time of embarkation, five dollars less than the above; and infants under twelve months thirteen dollars less than the above-named prices, to Boston or Albany, and other places in proportion; but we will not issue a pre-paid certificate for children under twelve years of age, unless accompanied by a passenger over twelve years, who must be paid for at the same time and on the same certificate.

The above prices embrace a steerage passage from Liverpool to Boston, by any of our Splendid Line of Packets; provisions at sea according to the undermentioned dietary scale; doctor's attendance and medicine on board when required; port charges at Boston, and all expenses of transportation of passengers and baggage from the ship at Boston, to the destination agreed upon.

In addition to any provisions which the passengers may themselves bring, the following quantities, at least, of water and provisions will be supplied to each steerage passenger of twelve years of age and over, every week during the passage, commencing on the day of sailing, and at least three quarts of water per day:

Two oz. of Tea; 8 oz. of Sugar; 5 lbs. of Oatmeal; 2½ lbs navy bread; 1 lb. wheat flour; 2 lbs rice.

Children under twelve years of age (not including infants,) are furnished with six pounds of bread stuffs per week, the usual allowance of water, and half allowance of Tea and Sugar.

As soon as our Liverpool House informs us per steamer of the names of *pre-paid* passengers embarked, we publish their names in the *Boston Pilot*, and also notify each purchaser of *pre-paid certificates*, either directly or through our agents.

On the arrival of any of our ships in the outer harbor, we immediately dispatch an agent on board, to give prepaid passengers the necessary instructions regarding their route westward.

Bedding and utensils for eating and drinking, must be provided by passengers; and those going to the Canadas, or Western States, must furnish their own provisions from Boston.

TRAIN & CO., of Boston, inform those who take an interest in the welfare of Immigrants, that as owners of the ONLY LIVERPOOL and BOSTON LINE OF PACKETS, they have determined that their Immigration business shall be conducted in their own name, on their own responsibility, and by themselves or their immediate servants.

In calling public attention to the subjoined list of the Ships which comprise our Boston Line of Packets, we believe that its general reputation *as the first of American Lines* is sufficiently well known and established. The Thousands of Letters which have been sent by American Immigrants to their friends in every part of Europe, have borne ample testimony to the rapid and successful passages made by those Ships, and to the superior Health, Comfort and Safety which their Passengers have hitherto enjoyed. Many of them will be recognized as vessels which have gained the very highest character, by a succession of unusual rapid passages.

They possess all the modern improvements which conduce to health and comfort, as a superior system of lighting and ventilating, the very best Provisions, and a careful medical superintendence.

The Captains have been carefully selected as first-rate sailors and men of humanity, and an experienced Surgeon is attached to each Ship, and no expense is spared to render this the best and most popular conveyance to America. As Train & Co. have made such arrangements in Liverpool as will PROTECT their friends from the frauds and impositions sometimes practiced there, they believe that those who pre-pay passages cannot but see the advantage of being able to engage with a Respectable House, on favorable terms, for a well known Line of Magnificent Packet Ships, and in this way avoid the disrespect, annoyance and delay which they so often experience, when they engage with Agents who are but slightly connected with transient Ships.

As a proof that their Immigration business is conducted on principles uniformly Honorable and Humane, and that they have been distinguished for the most exact fulfilment of all their engagements, we are permitted to refer to the very Rev. THEOBALD MATHEW, Cork, Ireland.

We also subjoin the following testimonial from the Right Reverend JOHN BERNARD FITZPATRICK, D. D., Bishop, Cathedral, Boston.

(COPY.)

Boston, January 22d, 1849.

"I am happy to testify, from personal knowledge, that the firm of Ship Owners, known in this City of Boston, under the name of ENOCH TRAIN & CO., is composed of gentlemen of tried and acknowledged integrity, and that implicit reliance can be placed in their fidelity to accomplish all that they may promise, to those who have occasion to make any contract with them.

NOTICE TO BUSINESS MEN.

The circulation of the DAILY SENTINEL is by far the LARGEST of any daily paper published in the State; and presents greater advantages to Merchants, Mechanics and Artisans, as a *medium of Advertising*.

The *Weekly Sentinel* has now a circulation of over two thousand copies, which is constantly and rapidly increasing. Advertisements put in the Weekly at the same rates as in the Daily.

All Advertisements appear in the Tri-Weekly *Sentinel* without *additional charge*.

Price of the Daily $6,00, of the Tri-Weekly $3,00 and of the Weekly $1,00 per year, *payable in advance*.

News of the Morning.

The steamship *America*, with Liverpool dates to the 30th January, arrived at Boston yesterday morning. She brings the officers and soldiers of the U. S. Army, who were taken from the wreck of the *San Francisco* by the ship *Antarctic* and carried to Liverpool. The intelligence by this arrival shows no marked change in affairs since the *Africa* sailed. The quotations for Breadstuffs are unaltered, but the tone of the Liverpool market was firmer. The Russo—Turkish question has again a more threatening look.

A variety of domestic news will be found under the telegraph head. Our Legislature moves slowly, and the Maine Liquor Law bids fair to lead to lengthy discussion. The New York Market yesterday evinced rather more firmness for Grain, while Pork fell off slightly.

List of Acts Passed.

We publish this morning a complete list of all the General and Special Acts and Appropriation Bills, passed by the Legislature and signed by the Governor, up to noon of Wednesday, Feby. 15th. We are under obligations to Mr. J. W. Hunt, Deputy Secretary of State, for the list.

PERSONAL.—The recent compliment paid to the *Sentinel* by the business men of our city has not only been very kindly alluded to by our contemporaries of the press, but many of them have improved the occasion to say a good word for us on their own account; as witness the following specimens, in return for which our friends of the Fond du Lac *Herald* and Kenosha *Telegraph* will please consider us as making our best bow.

A MERITED COMPLIMENT.—The business men of Milwaukee combined and gave the proprietors of the Milwaukee Sentinel, the compliment of a public dinner on Saturday last. This merited tribute of respect is highly deserved, and we are glad to see it thus bestowed. The Sentinel is and has been a powerful lever in building up the commercial importance of Milwaukee, and we may safely say, Milwaukee is not alone in her obligations to the enterprising proprietors of the Sentinel. The whole State feels the weight of its influence, and its aid in advancing and developing its resources.—*Fond du Lac Herald.*

THE MILWAUKEE SENTINEL.—Some sixty of the first business men and firms of the City of Milwaukee have united in tendering to Messrs. Rufus King & Co. the publishers of the *Sentinel* a Public Dinner, as a testimonial to the worth of the *Sentinel* as a newspaper.

We congratulate the publishers on the high compliment thus paid them, and will add our testimony that we regard the *Sentinel* as the best newspaper in the State. We receive from it the earliest news, and it is *always* sent. Besides we always find its statements reliable.—*Kenosha Telegraph.*

CRYSTAL PALACE—A BAD SPECULATION.—The Managers of the New York Crystal Palace have published an exhibit of their operations to date. The following is the financial summing up.

Capital paid in $489,000
Receipts 389,708

Total $878,708
Construction and Fixtures $634,880
Expenses 368,828 1,003,708

Deficit represented by debts $125,000.
The receipts for five months were as follows:

July, 14 days $19,032 25	Oct. 26 days $103,139 10
Aug. 27 days 45,000 00	Nov. 26 days 62,325 86
Sep. 26 days 75,935 00	

Total of 119 days $309,432 90
The largest receipt on any day was Tuesday, the 18th October—$6,291 25.

The Daily expenses of carrying on the Exhibition now amount to—$305.

UNFOUNDED REPORT.—Some of Capt. Van Allen's good natured friends having started the story that he had failed and that the Clarendon House of Buffalo, was closed, he publishes a card in the Buffalo papers stating that there is no foundation for the rumor, whatever, but that the Clarendon and its host are still ready to welcome and receive visitors.

MISSOURI AND MISSISSIPPI RIVERS OPEN.—The St. Louis papers of Saturday inform us that the ice, which has gorged up the Mississippi river at or near that city, has broken up, and that the river is now open to Cairo. Boats were up to start for New Orleans on Sunday. Passengers from Alton report that the gorge on the Missouri above that place had given way, and that the river would soon be free of ice. No material damage was done to the boats at St. Louis by the long expected and much dreaded 'break up.'

☞ The Sheboygan *Nieuwsbode* comes to us with the following paragraph marked, which we take to mean a request that we will copy it. We do so cheerfully, tho' our limited knowledge of the Dutch language does not furnish any clue to its meaning:

> Het strekt ons tot bijzonder genoegen, te kunnen berigten, dat de heer G. Stamm, verleden herfst ten gevolge van valsche beschuldigingen van zijnen post als Kustlicht Wachter alhier ontzet, 2 Julie. dezer dagen door het Ver. Staten Gouvernement in die betrekking, en dus in zijne eer hersteld is. Zijn naam is te onbezoedeld om [illegible]
>
> De onschuld zegepraalt immer, hetzij vroeg of laat.

☞ The St. Louis *Intelligencer* of Saturday morning last complains that no news of the *Pacific* steamer had reached there up to that date and adds:

> The crisis was at hand, and no doubt was entertained that the *Pacific* due at New York on the 5th instant, would solve the problem of European destiny. But, with the finest weather in the world for telegraphing, no dispatches reach the press of Western cities announcing the *Pacific's* arrival or her news.—

The *Pacific's* news reached the *Sentinel* office on Thursday afternoon, 9th instant, within two hours after her arrival in New York City, and was immediately published in an Extra.

THE VOTE FOR U. S. SENATOR FROM MAINE.—The vote by which WM. PITT FESSENDEN (whig) was elected from Maine, stood thus: In the House, for Fessenden, 78; Lot M. Morrill, (Wild Cat,) 74; Hubbard, 1. In the Senate—Fessenden, 16; Morrill, 12; Hubbard, 3.

DAMAGE TO LOCOMOTIVES.—There seems to be a strange fatality attached to the Locomotives on the Central Railroad, at present. There are some 18 or 20 undergoing repairs having been broken during the past two or three weeks.—*Detroit Tribune.*

Some unreasonable people were disposed to complain bitterly of the M. & M. Railroad because of some delays and detentions, growing out of just such mishaps as those recorded above on the best managed Rail Road in the United States.

FIRE AT CINCINNATI—SEVENTEEN HORSES BURNT.—A destructive fire occurred at Cincinnati on the night of the 10th instant, consuming a row of frame houses on Water Street, the warehouse of Henry Johnson on the levee, and other buildings. No less than 17 Horses perished in the flames.

THE REPORTED MURDER AT STOUGHTON.—We hear it stated, on pretty good authority, that the Norwegian who was struck and reported killed by Murphy at Stoughton, some days since, has come to life again. At any rate the fact of his death is disputed, and it is asserted that his body has not been found.

EDITORIAL CORRESPONDENCE OF THE SENTINEL.

Madison, Feb. 14, '54.

I enclose a copy from the journal, of Gen'l Crawford's Report on the state of the militia, which is attracting considerable comment this morning. Also, you will find enclosed a list of 54 bills, and 3 memorials, being all that have thus far been signed by the Governor and deposited in the Secretary of State's office. A considerable number of bills are passed, and await the signature of the Executive.

Among the bills introduced in the Assembly this morning was one by J. L. V. Thomas, of Rock, relative to interruptions of convenient access to their fields by farmers, caused by public improvements passing through them.

Among the reports of committees was one by Mr. Thomas, from the committee on Internal Improvements, in favor of a memorial to Congress for government aid to the project of a ship canal around the Falls of Niagara. There was some discussion upon a recommendation to print 500 copies of the Report, and several members expressed themselves decidedly in favor of a grant of land for this purpose, as a great national work.

There was another brief, but sharp, debate upon the proposition to change the rules so as to meet at 9 A. M., instead of 10. It was in no wise remarkable except for a decision on an appeal, in which the Speaker was sustained in holding that two thirds of the members voting must concur in changing a rule. The effect of this will be seen later in the day.

The bill giving additional compensation to Clerks of Circuit Courts, by paying them $2 per day while Courts are in session, came up on its passage, and a storm came up with it. Mr. Noggle opposed its passage, urging various reasons why it should not become a law. He contended that the office was so well paid now that there was a contest for it in every county.

Mr. Orton arose on the other side (of course) and defended the bill, as, in his judgment, necessary and just. He accused Mr. Noggle of opposing every bill which came from the judiciary committee, and made other personal allusions.

Mr. Hale now "pitched in," being determined to befriend those who had stood by him, and spoke in favor of Mr. Orton, and against Mr. Noggle.

Mr. Noggle defended himself from the attacks made upon him with much spirit. He thought it very unfortunate that members who would otherwise, in all probability, vote in favor of economical legislation, seemed to think it necessary to oppose such legislation because *he* favored it; and he said that he did not know that the bill came from the judiciary committee.

Several members rose to desire that their counties might be excepted from the bill, and some one moved to refer it to a select committee, so that such counties might be struck out; the motion failed. The fight grew furious between Messrs. Orton and Noggle, particularly on the side of the former, and it was such as to occupy most of the morning. Finally, the House came to a vote, and killed the bill, by a vote of 18 to 45.

Mr. Remington moved to suspend the rules so as to consider his resolution, making the Liquor Bill the special order on and after Monday next, and pending this motion, the House adjourned to 3 P. M.

Well—"3 P. M." came—by our remarkable clock—and the motion was taken up. The whole performance of the afternoon was quite remarkable, and occasionally spicy, but I can do no more than make a brief running sketch of it.

Gen. Crawford opened the ball, by moving a call of the House, but the call was not seconded.

The motion to suspend the rules was *carried*, by a vote of 40 to 18—the ayes and noes being called.

Mr. Hull now moved to amend by inserting bill No. 123—the assessment law—instead of No. 167—the Liquor Law, as the one to be made the special order. He claimed to be believed in saying that he did it "in good faith," and insisted that the tax law was one of vastly more importance to the people than the liquor law.

Mr. M. J. Thomas moved a call of the house. The call was seconded, and the Sergeant-at-Arms was about starting for the absentees, when Mr McIndoe moved to dispense with further proceedings under the call. The vote was 36 to 25, so the motion failed, the rules requiring a majority of all the members elect (42.) After a time, spent by the members in amusing themselves in various ways, the Sergeant-at-Arms reported, and Mr. Gary moved to dispense with further proceedings, under the call. This time 42 voted *aye,* and 20 *nay.*

Mr. Hull now spoke again in favor of his amendment. He said he wanted this to be a *test* vote. Mr. Noggle recommended that he wait a few moments, and he would see a test vote. Mr. McIndoe said that if Mr. Hull desired action on the *tax* bill, he would vote for making it the special order at once. Messrs. Remington and Hull now took a little turn at each other, Mr. Remington very cool, and Mr. Hull getting quite excited. Mr. Donaldson said that, having introduced the tax bill, he felt interested in it, but could not support the amendment.

Gen'l. Crawford next moved to lay the resolution on the table till Thursday—lost. And, the vote being taken on Mr. Hull's *test* amendment, it was *lost*, as follows:

Ayes; Barnes, Barney, Beecroft, Boener, Bernhart, Crawford, Earnest, Fox, Hadley, Hagerty, Hull, Kyle, Lavis, Mathes, Morrison, Norton, O'Neil, Rosenthal, Talmadge, M. J. Thomas, Torbett, Wheaton, and Horn—23.

Noes; Allen, Atwater, Baker, Bartlett, Colley, Davis, Donaldson, Estabrook, Eustis, Gary, Gibson, Hale, Harrington, Hart, Head, Jeffrey, Ketchum, Lake, Matts, McCormick, McCracken, McIndoe, Mitchell, Nichols, Noggle, Orton, Parkison, Remington, Rich, Rood, Scott, Spafard, Spaulding, Jesse Smith, John Smith, Terhune, J. L. V. Thomas, Toay, Topliff, Wheeler, Whiting, Worthington, and Young—43.

(This, with only one or two exceptions, was the vote, on one side or the other of all the succeeding motions.)

Mr. M. J. Thomas moved to amend further by fixing upon Monday, 13th of March as the day instead of next Monday. He said he wanted to give time for getting through with the other business first. Some one asking how long he expected the session to last, Mr. Thomas said "perhaps till the 15th of May, if the friends of this bill insist on passing it." Mr. Donaldson said that he was prepared to stay till then, or longer, if it was necessary. "The friends of this bill *did* mean to pass it."

Mr. Thomas' amendment was lost.

Gen. Crawford next moved to postpone consideration of the bill till the 4th of July. *Lost*—15 to 48.

Mr. M. J. Thomas moved to adjourn to 9 A. M. Declared out of order, unless a suspension of rules should be made, the rule hour being 10 A. M.

Mr. Beecroft moved to adjourn—*lost.*

And Mr. Donaldson's motion of amendment, as to afternoons, was carried, 42 to 21.

And now, the question recurring upon the resolution as amended, Mr. Barney "pitched in" for a few minutes, acknowledging that it seemed about as useless to talk against it "as it was for St. Paul to kick against the pricks."

Mr. M. J. Thomas moved to amend by inserting bill No. 80 (the swamp land bill) instead of No. 167. On this Messrs. Gary, Scott, and Knowlton spoke, in opposition.

Gen. Crawford sent up some motion, which was declared out of order.

Mr Thomas' amendment was *lost.*

Gen. Crawford moved to insert a state road bill instead of No. 167; and this was *lost.* And the vote being now taken on the amended resolution of Mr. Remington, it resulted in *ayes* 44, *noes* 23. The vote was the same as that recorded above (the *ayes* and *noes* reversed of course) except that Mr. Barnes who voted for Mr. Hull's amendment now voted for the resolution,—Mr. McCormick; who voted against the amendment voted against the resolution,—and Mr. Knowlton's vote was added to the *ayes.*

But 44 *is not two thirds* of 67 (the total vote,) and accordingly, under the rule, the speaker decided the resolution *lost.* And so ended the first days fight on the Prohibitory Liquor Law.

Mr. M. J. Thomas now moved to adjourn, *lost,* 28 to 32.

A few bills were signed by the speaker, when the motion to adjourn was made and carried.

By the above it will be seen that, under the rules, the minority, and that a small one, can keep the large majority at bay at their pleasure. The Maine Law men say that they have enough, if all are present, to get along over the difficulty. Readers will make their own comments on the proceedings recorded above, and their own prophecies as to the ultimate result. I will wait a little.

I send you the following census of the Assembly, as to Maine Law and Anti-Maine-Law men, with the politics of all designated, for future reference;

REPORT.

The committee on militia, have instructed me to make the following report:

Agreeable to a communication received from the Adjutant General of this State, our militia are organized into five divisions, twenty-nine regiments and two hundred and sixty four companies of infantry, besides sixteen uniform companies of different kinds: making two hundred and eighty companies in all; and the whole body of the militia enrolled, will amount to about fifty thousand. He does not state the number of brigades, but we suppose there are ten, as that is the regular way to organize. He also refers to his report to the General Government, dated 1853, to show the force of this State.

A letter dated Washington Dec. 15th, 1853, signed H. K. Craig, Col. of Ordinance, says there has been no report to that office from the state of Wisconsin, since 1848, at which time there was 32,203 men enrolled. He says, if no further returns are made between the date of this letter and January 1854, the State of Wisconsin will be entitled to receive about two hundred muskets; also that there have been apportioned to the Territory and state of Wisconsin, from 1840 to 1853 inclusive, 1266 markets, and that their equivalent has been furnished in the following arms, &c., from Oct. 1842, to May 1853, viz:

501 muskets and accoutrements,
500 rifles " "
200 pistols,
130 cavalry sabres and
130 sets cavalry accoutrements.

We cannot say what situation these arms are in now or where they are.

And after due consideration, your committee have come to the conclusion, that to recommend an efficient organization of our militia, such as was the case in the state of New York, some twenty-five years ago, public opinion at the present day is very much opposed to; and so long as that is the case, if we should recommend any thing of the kind, it would amount to nothing, for this assembly and the public would oppose it. We frequently see—we are sorry to say—the need of our militia, as appears by the course taken by one of our sister Republics lately, or a part of them—we mean Erie, in Pennsylvania—we would, therefore, recommend that the executive give encouragement to the formation or organization of light or uniform companies in our populous towns, and give them all the aid in his power, and particularly the encouragement of martial music.

We would also recommend that our militia be sufficiently organized, to be able to procure our quota of public arms, that we are entitled to, from the General Government.

We believe, that our able bodied men, whether they have been trained in the militia or not, are ready and willing to face a foreign foe, even to the cannon's mouth, when our country is in need, as can be seen by reading the history of our late war with Mexico.

And when we take into consideration that they were not obliged to leave our territory, they are deserving great praise from every true patriotic American.

All of which is respectfully submitted.

JOHN CRAWFORD, Ch'n of the Militia.

Correspondence of the Sentinel.

Journeyings in the North West.

SPARTA, La Crosse Co., Wis. Feb. 9.

Messrs. Editors:—Our party, Mr. P., of Lake Superior, Mr. S., of La Crosse, and your humble correspondent, arrived here, after five and a half days sleigh riding, in good health and spirits.—Distances, Milwaukee to Merton 22 miles; Hartford, (Washington Co.) 14; Iron Ridge (Dodge Co.) 12; Horicon 6; Fox Lake 14; Blue Tavern 14; Portage City 14, (Columbia); Plummer's 9; Dell Creek 9; Mill Creek 7; Morse's Mill (Adams Co.) 8; Clark's 6; Big Spring 10, (La Crosse Co.); Welch's (on Mountain) 8; Babcock's 6; Sparta 60 miles—175 from Milwaukee. At Fox Lake we found the Directors of the La Crosse and Milwaukee Railroad, just newly elected and conversed with many of them. All were sanguine in the opinion that this most important of all Wisconsin Rail Roads, would progress very rapidly to completion. We passed from Portage City, which, by the way, is five times as large a place as we had supposed, and bids fair for a fine flourishing town—up the Lemonweir route, as it is called, and it is not only a very fine route for a Railroad, but is a beautiful and fertile valley, and destined to be rapidly settled and developed.

We were astonished to find all along the road scattered in some places new improvements, small houses and claims located, where we expected to find an unbroken solitude, and yet there are excellent lands along these beautiful vallies, sufficient fo. thousands of farms yet unentered and unclaimed, on which thousands will yet become independent farmers. Since we came into the Lemonweir Valley to this place and here, we have found pure water, so soft that it washes like rain-water, and of course the ladies on washing day are good natured. Speaking of ladies, our young friend from Lake Superior was half smitten with a tall gal at a log tavern who got us some fried pork, light biscuit and apple *sass*, (as she called it) and said, on leaving, that if we had had time to ruminate upon her charms we really thought we should have fallen in love with her,—but a cold wind blowing freshly in our faces, with the icicles and frost covering our collars soon cooled his warm feelings, so he calculated she *was too* tall by a good deal. Since we came into the Lacross Valley, we have found as fine a farming country appearently as the *Sun ever shone upon.* No cold winds here—indeed if any one in Milwaukee is consumptive let him or her come into this valley and be protected from the damp chilling winds from the Great Lakes.

This village (of ten or fifteen houses) is to be the County Seat of a new County, cut off from La-Crosse, as Waukesha is from Milwaukee County, with this difference; La Crosse will then have 13 instead of 8 townships left. This is all that will prevent La Crosse from having the County Seat removed. The new County is to be called Monroe. To show the quality of soil here, Mr. Walrath near here raised 105 bushels of oats, by weight, to the acre, and Mr. Petit raised 115 bushels last fall. All vegetables grow so large, that I dare not tell the size of the turnips, beets, carrots and onions, the natural growth of the native soil, fearing I should be doubted or that some one might doubt the truth of the *Sentinel* or its correspondent, and that you know *would* be bad. We are off for La Crosse in the morning, and then—then you may here from me again.

RANDOM SKETCHES.

☞ One million two hundred and thirty thousand letters passed through the post office of New York, on Saturday, January the 21st. It is said to be the largest number known to have been received in one day.

For the Sentinel.

Mrs. Fonda and Madison.

WAUKESHA, Feb. 15th, '54.

Messrs. Editors:—Mr. Atwood's Daily of Monday, I have just read—In some things he has done me justice, in others he has not. He says, alluding to his former remarks—"we have been induced to make these remarks, by the appearance here of a Mrs. Fonda." I am sorry he did not know any more about me than that would indicate, when my letters of introduction were to the *Hon.* Mr. Colley, who is a relative of his, and a member of his family, and whose wife I came in company with to Madison, and that I was several times in his house in company with Mrs. C. and yet he uses the phraseology, "the appearance here of a Mrs. Fonda," as though he knew nothing who she could be. He farther says "Her Lectures, and particularly that of Saturday evening, were very tame affairs." Here he has done me *justice*, for *this is true.* To be sure he intimated to me before I lectured there, that he thought there had better be no such Lectures, and that he thought nothing *severe* should be said *just now*, as it would do hurt. So I was influenced by *him* and rounded my sharp corners, and dulled my rough edges at his suggestions. For the thought of doing *hurt* there *just now*, was startling to me. I now regret that I was influenced—that I did not say all I wanted to say to that Legislature. But lo! and behold my adviser comes out with a long and bitter article, and calling it a very *tame* affair, when that was just *virtually* what he advised me to give.

This is the first time I was ever charged with giving a *tame Lecture* in my life—I shall learn by this to be careful how I listen to gentlemen advisers about Lecturing, knowing some of them to be *woman's bitterest enemies.* I shall Lecture in Madison again some day, and you shall not have a *tame one.* Again, he says, referring to the Lecture, "it continually harped upon the right of Women to be heard." *This is untrue.* I said very emphatically that I contended for but one right that evening for woman, and that was that she had a "perfect right to a *sober* husband if she could get one," I know I was not misunderstood in this—this misrepresentation is *designed*—it cannot be otherwise. I never have CONTENDED any where for "Woman's right" to speak in public. I have a more important errand in my public efforts—It is time enough for me to *contend* for them when they are *denied* me. But further "She may wear breeches, boots and spurs." *Sublime!* Mr. Atwood. Much obliged to you for your liberal opinions in the dress department.

What shall I give you in return? Not long skirts, as you would disgrace them, and I would not like to be burlesqued in that way. Perhaps the Bloomer ladies would be more liberal to you. I will recommend you to them. Again, "but when she turns public lecturer, she renders herself liable to criticism." Well, sir, you may stand and criticize woman, when her emotions tower up heaven-high for the well-being of her race—but it betokens an adamantine heart that I would not own for a kingdom. Heaven help woman, if she has such hearts to make her appeals to, in behalf of her posterity. Again, "Editors suffer enough from wear and tear of conscience, without puffing every female lecturer that comes along—though mere gallantry." Heaven mend the rents in your conscience after writing the above article; earth is too much of a cobler to do it. "We wish to have it understood that it is not the sex to which we object."

'Tis in vain to say this, after you have shown your disgust of woman-kind in every line.

Fate, protect us from such protectors. "The dear souls love persecution." Ironical of course. Just the language of a woman-hater.

"Now we have no kind of sympathy with persons of this kind." *This is true*—every line shows it. Again, "Why did she come over a hundred miles, and have the indelicacy to make a request (for the house) that she expected would be refused." Mr. Editor knows I did not come from Waukegan, expecting to go to Madison, for he heard me say so. I was invited to lecture in Beloit, and while there, the friends of the Maine Law, for reasons best known to themselves, urged me to go out to lecture in Madison now, while this Legislature were in session. I recalled my notice already out, and took stage for Madison.

Mr. Editor must know also, that I did not ask for the House. That the request for the House was expressed in the introductory letter which I brought from Beloit. I do not believe that Mr. Editor blundered into all these misrepresentations. Had I asked for the House I do not think it would have indicated great "indelicacy." I gave my reasons why I expected it would be refused, and asked pardon for my illiberal suspicions. Again, "We can only explain her conduct on the supposition that she thought it would confer notoriety." Guess you have hit it now.—When I wish to acquire on "notoriety" I think I shall seek it in climbing some higher elevation, that to make a speech before any State Legislature.

I should hate to *crawl on all fours* to reach the top of such mole-hill elevations, as gentlemen do sometimes. Again, "The members, good easy souls, never thought of objecting" Probably they would if they had *only thought of it.*

Again, "they would not object to allowing Old Nick himself the privilege of being heard." Complimentary, quite—a liberal Legislature that. Yes, a little too liberal, if that is so.

I can only say in justice to the members that I received much attention from them, was introduced to many of them—I received their warmest thanks for the "tame affairs" I gave them.—Not only personal thanks, but their gratitude *took shape*, and their voluntary contributions amounted to $16. Several of them said it was just the right time to agitate the subject there now. And I wish that Capitol, called Madison, could be "bored with Lecturers" all this week.

For no town has ever had Lectures enough while rum is flowing as it is there.

So I have escaped from Madison without any serious injury, except a few bullet-holes through my bonnet, fired from the battery of the Wis. *State Journal.*

Now a bonnet is a first-rate article to cannonade—especially when Editors have plenty of ammunition, and it don't "flash in the pan."

Yours, MRS. FONDA.

P. S.—I have now resolved to have that "tame affair" of that *Saturday eve.* published in pamphlet form. Since the *Journal* has helped me to acquire some "notoriety" I may as well accept of it. I will not be called "tame" for nothing.

The Hall shall have what my "Woman's Plea" for the Maine Law was before the Legislature.

MRS. F.

Will the Temperance papers in this State please copy this—I think it is best to have such woman-loving Editors known.

HIGH PRICES FOR HORSES.—The Grant County *Herald* says that Horses bring almost any price asked for them, and instances the following sales:

> Mr. Shanley of Lancaster, sold a litter of colts last week for $350; Horner sold a horse, (a fast racker) for $250, which sold the day after for $400; Barnett sold one for $100, worth $50 more, and so on. There is no telling what they will bring next.—

MARTIN KOSZTA.—The Chicago Press announces that Martin Koszta, who was rescued from Austrian tyranny by Capt. Ingraham, has arrived in that city, with the intention of making it his home. He came at the solicitation of different individuals of Chicago, one of whom sent him fifty dollars, to defray his expenses.

IN LUCK (?)—We are just modest enough to announce, that the proprietors of this paper were *each* presented with a young *son*, within a few hours of each other, one day this week. The *Junior's* presentation lacked nearly *four pounds* of being as heavy as the *Senior's*, therefore he is content with his title! Whew, what a country!—*Potosi Republican.*

ADVANTAGE OF HAVING "SMALL DOGS."—The Vernon (Ia.) Banner, says the common council of that place has passed an ordinance levying a tax of two dollars on all dogs over twelve inches high, and of fifty cents on all of that height or under!

CHARTER ELECTION.—A call appeared in last evening's *Wisconsin* for a Democratic City Convention, to nominate candidates for the approaching Charter Election. The Convention is to be held at 10 o'clock on the morning of Monday, March 6th, and the election comes off *the next day.* This deferring the "regular nominations" till the latest possible moment is an old trick of the party leaders; the design being to force the People to swallow the party prescription or take the chance of a spontaneous movement on the very eve of election.

PLAYING CARDS ON SUNDAY.—Five gentlemen were caught playing cards on Columbia, near Gas alley, yesterday morning, and were fined yesterday by Judge Spooner $5 and costs.—*Cincinnati Gazette*, Monday.

ARRIVAL OF THE UNION.—The schooner *Union*, which left this port for Chicago on Thursday last, returned yesterday afternoon, safe and sound, and in fine trim. She was obliged to cut her way through ten feet of solid ice, piled up since her departure at the mouth of the river, but succeeded in a comparatively short time in opening a channel through which she came up in fine style. She brought up spars and rigging for new vessels now on the stocks here.

St. Croix Valley.

A correspondent of the *Minnesotian* enumerates the lumbering establishments of the valley of the St. Croix, which, with three flouring mills, number seventeen mills and two booms, with a capital invested of $330,000. These mills are capable of turning out twenty-eight million feet of lumber per annum, sixteen million lath, and one million shingles. The total value of the lumber produced per annum is estimated at $312,000. The number of teams engaged in putting in logs this winter is 48, who will be able, it is supposed, to get in forty-eight millions feet during the season, which will leave, after supplying their own mills, twenty millions feet for export below. To keep these teams operating for six months, it requires 538 men, 75 horses, and 352 oxen, the cost of sustaining which is put down at $173,700.

THE STOCKBRIDGE INDIANS.—There is a delegation from this tribe now in Washington. These Indians, the remnant of the once celebrated Mohican tribe, number not more than one hundred and fifty souls. According to a tradition amongst them New York city was once the site of their chief town. From thence they removed to Stockbridge in Oneida county, New York.—Civilization pressing upon them there, they went west to a new home on the St. Mary's river, in Indiana. In 1828 they again fled before the face of the white man, seeking a refuge in Wisconsin. Not long since they treated with the government for the exchange of their lands there for others in Minnesota. The tribe are now, however, anxious to remain in Wisconsin, having in almost all things adopted the habits and pursuits of the whites. The delegation now here are negotiating with the Indian Bureau for the annulment of the treaty last above mentioned.—*Washington Star.*

It is rumored that a collision had taken place on the Black Sea. The Russians suffered severe loss at Matthis on the 14th, and had a steamer disabled. The whole Russian fleet left Sebastapool on the 15th, in the direction of Botosen.

Details of China news say, that the Rebels were within 60 miles of Pekin, there was plenty of stores and rice in Pekin for three years subsistence, trade still carried on under provisional regulations of Consuls, of Great Britain and America, exports of tea and silks, much greater than last year.

Bollserious violence under [illegible] reason given for this man, Russian Consul. The [illegible] arrived Emigrant outrage was, that some recently [illegible] had called on the consul on business connected with his passage here, and was requested to take off his hat. TERRIBLE EXPLOSION.

St. Louis, 16.

About 7 o'clock this morning, the starboard boiler of the Alton Packet, *Kate Kearney*, No. 1, exploded with tremendous force. She was just in the act of starting when the explosion took place. She had on board about 20 or 30 passengers, besides officers and crew. The explosion was heard distance of several squares, and so great was its power, that the entire upper works of the Boat, as far as wheel house, was literally riddled, and fell with a crash on the main deck. The number of persons scalded, so far as we have been able to learn, amounts in all to 25.

Rev. S. G. Garraway, rector of St. George's church in this city, was terribly injured; skull badly fractured, face disfigured and one of his legs broken in several pieces—no hope of his recovery—Major Buel, U. S. Army, was on board and severely injured; doctors fear internally injured by inhalation of steam—his situation is critical. The wounded were removed from the wreck, and taken to the Sister's Hospital, 15 men saying there terribly mangled.

The following is a list of those at Sisters Hospital. Some others were taken to the various Hospitals in the city. J. E. Dewerly, N. Y. Jno. McCabe, 25 years old, Wm. Cheevas, colored man, Illinois, 24 years old, Davorite Hardy, Alton, 23 years old, 2d Engineer James A. Keefe, Ireland, 30 years old, Brother Vincent, Pittsburgh Wm. Curvin, Ireland, Wm. J. Stewart, St. Louis, 25, Albert Hardy, Alton, 25, 3d Engineer Chas. Corener, German, 25, Daniel Keefe, 15, Bernard Riely, E. J. McKeufe, 28, James Carins, 25, one unknown.

Mr. Brown, mail agent on board at the time—he fell with wreck to the main deck only slightly injured.

Fragments of the boiler weighing over 100 pounds were thrown a distance of a square.

Washington, 16.

Mr. Hamlin presented, a report of international weights and measures, which was referred to the Library Committee.

Mr. Chase presented the petition of 1,200 citizens of Hamilton County, Ohio, against the repeal of the Missouri Compromise. Also similar petitions from other parts of the State.

The bill to lay out the town of Council Bluffs in Iowa was passed.

Mr. Sumner presented petitions from Illinois and Massachusetts against the repeal of the Missouri Compromise.

House—Hendricks moved a reconsideration of vote by which bill for relief of Pensioners under the act of Feb. 3, 1853, was referred to committee of the whole. Wilson opposed the motion.

N. Y., Feb. 16.

Accounts from Port au Prince, reported yellow fever raging there as badly as ever.

Pittsburgh, 16.

The Prohibitory Liquor Law was defeated by a vote of 15 to 16.

Washington, 16th.

John M. Botts has a letter in the National Intelligence, denouncing the Nebraska bill.

Buffalo, February 16.

The election yesterday, on the proposed amendment to the constitution, passed off well. The 12 wards heard from, show a majority for the amendment of 12,300. One ward to be heard from. The returns from all the cities and counties in the State, are not yet received, but so far as heard from there will be an overwhelming majority in favor of the amendment.

NEW YORK MARKETS.

Reported for the Sentinel.

New York, February 16.

Oats plenty and very dull at 53a56 for State and Western.

Boston, Feb. 16th.

The America arrived this morning from Liverpool Jan'y 31st. She got ashore on Bird Island coming up and will get off at high tide, the *Canada* arrived out on 29th.

The *Nashville* has arrived at Glasgow.

Liverpool, Jany. 30th.

Breadstuffs quiet and unchanged. News undecisive. Great battle undoubtedly fought at Kalafat on 26th. Turks reported victorious.—Steamer *Charity*, from Liverpool for Halifax, had put back to the Clyde, with decks swept—no lives lost. The *Sarah Sands* will take her passengers. The ship *Augusta*, 21 days out, had put back to Queenstown leaking.

London, Jan. 30th.

Holders of breadstuffs demand full rates. The reported great battle at Kalafat is reported in some papers to have been fought Jan. 25th. Details wanting, except that it is reported that the Turks have been victorious. Whether such battle had taken place was doubtful.

Several small encounters had taken place along the Danube, the Turks generally successful.

Count Orloff was at Berlin. The Prussian Cabinet had been summoned to meet him. Terms of mission not known—from Berlin. Affairs in meantime remain unchanged.

It is confirmed that Persia is again friendly with foreigners.

LONDON—Less fluctuation in Consuls, closing 91½a91¾.

Later by Telegraph.

No doubt the reply of the French and English governments to the Czar's first note is firm and decided.

Osteussackeus advance [illegible] wards arrived at Bucharest on 4th, and the main body [illegible] on the 11th. Mortality among his troops had been enormous. Notwithstanding, they were to continue on their route to Kalafat.

Fresh insurrections were taking place among the population.

ENGLAND.—Documents on the Eastern question, were to be called for in Parliament at the first day's session.

FRANCE.—Financial statements of Ministry favorable.

Letters from St. Petersburgh to Jan'y 20th, are of a warlike character, extreme measures are resolved upon—explanations from western powers are not satisfactory.

45,000 Russians are concentrated around Kalafat. Great battle expected soon. The *America* brings the U. S. troops taken from the *San Francisco.*

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS.

THIS FORGE can be set where most convenient for [illegible] and room, and the smoke conducted to the Chimney by [illegible] of Blacksmiths, Coppersmiths, &c. There are six [illegible] of Jewelers, Dentists and Chemists. Forges, and five sizes [illegible] iron is of a superior construction. It is compact—the Twi[illegible] manner—the wind escapes from the hot-air chamber th[illegible] through several holes in the Twier cap, which being under the [illegible] prevents the Twier from getting filled up with coal and [illegible] as it will where there is but one opening. For out-door [illegible] for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations) all the fumes from charcoal and acids being conducted through the smoke-pipe, or when open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the Steamers and also by the U. S. Army and Navy.

PROSPECTUS OF

Thos. H. Benton's Great Work.

THIRTY YEAR'S VIEW, of the workings of the American Government. Published by D. APPLETON & CO., New York, and sold exclusively by subscription.

During the last thirty years there has been no important public measure in which this active and distinguished statesman has not taken an able and decisive part, and been familiar with the influences, whether secret or public, which have urged forward or opposed each. He is therefore well qualified to write the history of this period.

This work will be completed in two volumes, the first of which will be published early in the year 1854, and will be brought down to the close of the administration of Gen. Jackson, and will thus form a complete work by itself, containing about 700 double column, royal 8 vo. pages, and a superbly engraved portrait of Senator Benton.

Price $2,50, payable on delivery of the book.

The book of subscription, together with specimen sheets, can be found at the law office of Messrs. TUCKER & GARVEY; and the Agent will soon give an opportunity to persons desirous of subscribing to do so at their residences and places of business throughout the city and county. jan12

PATENT MEDICINES.

One Hundred Years Ago.

Dear Sir:—Two months since, I never expected to write such a letter as this, to say that I am clear of the Rheumatism. I hardly know what to say or how to account for it after suffering for the last seven years the most excruciating pains man can endure. At every coming storm my whole body and joints were in the greatest torment man can bear, and somehow or other, it always appeared to me as if nobody pitied a man with the Rheumatism. Now I will also state, while on this subject, that the Rheumatism was a pitiful inheritance of my ancestors. I remember some thirty years since, when my father lay crippled on his bed with this disease, and of hearing him tell that his father and grandfather some 100 years ago, were melancholy afflicted in like manner. But now I can tell you I ask no pity from any man on that score, as I can do as good a day's work as I ever could.

I used only three small bottles of your wonderful Mustang Liniment, and now feel like myself again. Thanks to you and your invaluable Liniment.

MUSES DUNCAN, Shoal Creek, Mo.

To Dr. Bragg & Co, St Louis, Mo.

☞ The following is but a small synopsis of what the Mustang Liniment will cure:

One bottle, 50 cent size, is warranted to cure the Scald Head.

One to two 50 cent bottles will cure the Salt Rheum.

One 25 cent bottle will cure the Caked Breast.

One small bottle is a certain cure for Sore Nipples.

One to three dollar bottles is warranted to cure the worst case of Rheumatism in any form, and one 50 cent bottle will cure any case of recent standing.

One to two small bottles will cure the Neuralgia.

One bottle, 50 cent size, will cure the severest Burn or Scald.

One dollar bottle will cure the Spinal Disease.

One small bottle will cure the Piles in any stage of the disease.

One to two 50 cent bottles will cure the Scrofula, in any case.

One small bottle will cure Chapped Hands.

Two to four bottles, 50 cent size, used in connection with the recipe for "Old Sores," accompanying each bottle, is warranted to cure the severest cases of Old Sores, commonly called Fever Sores on the legs or shins, that have resisted all other treatment.

One dollar bottle will cure the Ring Bone, Splint or Scratches in horses.

One dollar bottle will affect a permanent cure of the Spavin, Sweeny or Poll Evil.

One 50 cent to a dollar bottle will cure all cases of Galls, Cracks, Fresh Cuts and Lameness.

A beneficial effect is always experienced from the first application and a perfect cure is warranted when used according to directions.

☞ *Cure of Salt Rheum of Ten Years Standing.*—A lady residing near Lynn, Osage Co., Mo., had the Salt Rheum on her head during the last 10 years, causing pain and torment. Six weeks ago it assumed a very dangerous character, spreading all over her head and face in the most frightful manner, so much so that her life was despaired of. She tried every remedy her doctor could prescribe but all to no effect. One of her neighbors recommended the Mustang Liniment as the last resort. Accordingly a bottle was procured and used as directed; the result was an immediate relief, and an entire cure in four weeks after commencing the use of the Liniment. Here are her own words to us a few days since:

"I never expected to see so many pleasant and happy days as I have since I used your renowned Mustang Liniment. If the prayers of an afflicted woman can benefit you, then I freely bestow mine. I used about four bottles of your Liniment and am now as well as I could wish for."

A Cure of a Severe Scald—Eight days ago, an engineer working in a foundry in the upper end of the city, thro' some mishaps, got his hands and face badly scalded, so much so that the skin came entirely off. He suffered the greatest pain until the wounds were dressed with the Mustang Liniment and wrapped up in cotton batting, which, as soon as done, the pain eased and the patient fell into a quiet and peaceful slumber!

We learned on yesterday that he is now well and attending to his business as usual! Such facts are worth remembering. The Mustang Liniment is warranted to cure any disease requiring an external application.

It is put up in bottles of three sizes, and retail at 25 cents 50 cents and $1 per bottle. The fifty cents and one dollar contain 50 and 100 per cent more Liniment in proportion to their cost, so that money is saved by buying the larger sizes.

For sale by A. G. BRAGG & CO, sole Proprietors.—Principal office, corner of Third and Market streets, St. Louis and 304 Broadway, N. Y.

☞ THE MUSTANG LINIMENT is sold at all of the Drug Stores in Milwaukee, and by storekeepers and druggists generally all over the State of Wisconsin. Principal Wholesale Agents in Milwaukee—Lake & Hopkins, Seth Johnson, Jr., Bosworth & Son, H. Fess, Jr, and A. F. Clark.

☞ Remember the 50 cent and $1 bottles are much the cheapest. ☞ Ask for A. G. BRAGG & CO'S. MEXICAN MUSTANG LINIMENT. my23

The Greatest Discovery of the Age.

PROFESSOR WOOD OFFERS FOR SALE A perfect HAIR RESTORATIVE. It will in a short time restore the Hair which has become gray permanently to its original color—bring it out where it is gone, and arrest it where it is falling off—clean the head of the dandruff and itching—removes all cutaneous eruptions, and renders the scalp perfectly healthy by restoring the secretive organs to their original vigor and strength, and thus supply nutriment and coloring matter to it. It does not color the hair, but is, in short, a perfect Hair Invigorator and Tonic—in proof of which he will select from among the mass the following Certificates, viz:

STATE OF ILLINOIS, CARLYLE, June 27th, 1853.

I have used Prof. O. J. Wood's Hair Restorative, and have admired its wonderful effect. My hair was becoming, as I thought, prematurely gray, but by the use of his "Restorative," it has resumed its original color, and, I have no doubt, permanently so.

SIDNEY BREESE,
Ex-Senator United States.

VINCENNES, Ind., June 15, 1852.

Prof. O. J. Wood—Dear Sir:—As you are about to manufacture extensively and vend your recently discovered Hair Restorative, I will state, for whomsoever it may concern, that I have used it and known others to use it—that I have for several years been in the habit of using other Hair Restoratives, and that I find yours vastly superior to any other I know. It entirely cleanses the head of dandruff, and with one month's proper use, will restore any person's hair to the original youthful color and texture, giving it a healthy, soft and glossy appearance, and all this without discoloring either the hands which apply it, or the dress on which it drops. I would, therefore, recommend its use to every one desirous of having a fine color and texture to hair. WILSON KING.

ST. LOUIS, June 29, 1853.

Prof. Wood—Dear Sir:—As you are about to prepare and vend your recently discovered Hair Restorative, and as you request my opinion of it, I will state that my hair was, a few months since, very gray, and after using two bottles of your Hair Restorative it assumed its original color; and since its application all dandruff has disappeared from my head, and I have been troubled with no disagreeable itching of the scalp. I am satisfied that those who use it will not regret it, as it gives the hair not only its original color, but it gives it the appearance of having been recently oiled. I am prepared, therefore, to recommend its use to all who are desirous of having a beautiful head of hair.

H. L. STEWART.

The following certificates speak for themselves, as the gentlemen whose signatures are attached, are known to thousands:—

ST. LOUIS, September 20, 1853.

Dr. O. J. Wood—Sir:—I have used nearly two bottles of your Hair Restorative, and have found its effects very satisfactory. It has entirely destroyed all dandruff from my head and has restored my hair to its original color, which had become quite gray. WM. TRUESDAIL.

St. Louis, September 29, 1853.

Dear Sir: By the advice of a friend of mine, who had been using your Hair Restorative, I was induced to try it, discovering, to my great astonishment, that my friend's hair, which, when I last saw him before, was very gray, had been completely restored to its original color, having as fine glossy appearance as it had when I knew him twenty years ago.

I commenced using the Restorative about five weeks ago, and am perfectly convinced that it will produce the desired effect, it having restored the color of my hair, more than half of which was white, to precisely the same it was when I was twenty years old, with the same healthy and glossy appearance. I have no hesitation in recommending it to my friends and the public generally, believing that if used according to directions they will not be disappointed. Yours, very respectfully,

N. B. HOLMAN.

BLISSFIELD, June 10, 1853.

Prof. WOOD—Dear Sir: Since you request me to give you a statement of the effects of your wonderful Restorative upon me, I cheerfully state, in reply, that I have now used three bottles of it; and although my hair when I commenced its use was silvery white (my age being sixty-four,) in one month's time it had resumed precisely its original color and so perfect that my friends all thought I looked twenty years younger than usual, and scarcely knew what to make of what they considered a perfect miracle, until I informed them it was but the result of an invention of yours called Hair Restorative. I will also state that I was much troubled with dandruff and itching, particularly when in perspiration; but it only required three or four applications to remove all dandruff and itching; and although my hair had fallen off until I was somewhat bald, I now have as fine a head of hair, both in color, softness, and lustre, as I had when but a youth, and quite as abundant. It is proper for me to state that I commenced its use in August last, and used none since January. I have no doubt therefore but what the change is a permanent one; I can therefore recommend it as the most wonderful discovery of the age in which we live. S. M. RANDALL.

Extract of a letter from R. Thorn, Sheriff of La Salle County, Illinois:

OTTAWA, Ill., August 21, 1853.

Prof. O. J. There is considerable inquiry for the [illegible] R. THORN. Very respectfully yours,

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Comet Morgan Horse (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April, and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the *original* Black Hawk was sired by the Old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; that was one reason for my bringing Comet Morgan West. His pedigree is fully authenticated.

PATENT MEDICINES.

MEDICATED INHALATION.

A NEW METHOD.

A MOST WONDERFUL DISCOVERY has recently been made by Dr. CURTIS, for the cure of Asthma, Consumption, Bronchitis, Coughs, Colds, and all Lung Complaints, by Medicated Inhalation. Dr. CURTIS'S HYGEANA, or INHALING HYGEAN VAPOR and CHERRY SYRUP, has accomplished the most wonderful cures of Asthma and Consumption in the City of New York and vicinity for a few months past, ever known to man.—It is producing an impression on Diseases of the Lungs never before witnessed by the medical profession. [See certificates in hands of Agents.]

The Inhaler is worn on the breast, under the linen, without the least inconvenience, the heat of the body being sufficient to evaporate the fluid,—supplying the lungs constantly with a healing and agreeable vapor, passing into all the air cells and passages of the lungs that cannot possibly be reached by any other medicine. Here is a case of

ASTHMA CURED.

BROOKLYN, N. Y., Dec. 20th, 1853.

For about eight years I have been severely afflicted with the Asthma; for the last two years I have suffered beyond all my powers of description; months at a time I have not been able to sleep in a bed, getting what rest I could sitting in my chair. My difficulty of breathing, and my sufferings, were so great at times, that for hours together my friends expected each hour would be my last. During the past six years I have had the aid and attendance of some of the most celebrated physicians, but have received no permanent benefit, and but little relief. I at length had the good fortune to procure Dr. Curtis's Hygeana or Inhaling Hygean Vapor and Cherry Syrup. At the time I first obtained it, I was suffering under one of my most violent attacks, and was in great distress, almost suffering for want of breath. In less than ten minutes from the time I applied the Inhaler to my stomach, and took a teaspoonful of the Cherry Syrup, I was relieved in a great measure from the difficulty of breathing, and had a comfortable night. I have since continued it with the greatest possible benefit, and am now comparatively well. God only knows the amount of suffering this medicine has relieved me from. My advice to the suffering is,—TRY IT.

CONSUMPTION CURED.

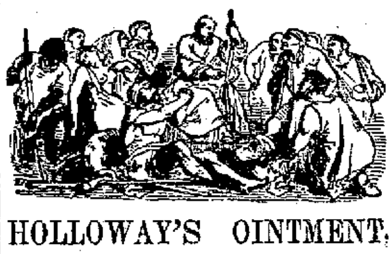
NEW YORK, Dec 27th, 1853.

I came to New York in the ship Telegraph; my native place is St. John, New Brunswick; when I reached this city, my health was very poor; had a very bad cough, raised a great deal of matter, which was frequently mixed with blood; had pain in my left side, and was very weak and emaciated. My friends and physician pronounced my case Consumption, and beyond the reach of medicine. I accidentally heard of Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup, and obtained a package, which I verily believe was the means of saving my life.—Soon after wearing the Inhaler, I found it relieved the pressure on my lungs, and after a while the disease made its appearance upon the surface under the Inhaler. I took the Cherry Syrup as directed, and continued to do so, my cough gradually growing better, until it entirely left me, and I now consider myself cured. I still wear the Inhaler, as the use of it is rather pleasant, and believing it strengthening and purifying to the lungs, I feel unwilling at present to dispense with it. JOHN WOOD.

Sold by BOYD & PAUL, No. 40 Cortlandt street; C. H. RING, corner of John street and Broadway, N. Y. Price $3 a package.

N. B.—Any person inclosing $3 to BOYD & PAUL, or CURTIS & PERKINS, New York, will receive a package containing a bottle of Hygean Vapor, one of Cherry Syrup, and an Inhaler, in a neat box, by express, free to any part of the United States; or four packages for $10.

THE RENOWNED REMEDY.



HOLLOWAY'S OINTMENT.

This extraordinary Unguent is composed of the most healing Balsams, and when used in accordance with the directions which accompany each pot, will insure cures when all other means fail. Cases of the most desperate Skin diseases readily yield to its efficacy. It is famous when used in cases of Gout, Rheumatism, Contracted or Stiff Joints. In Asthmas it will do wonders if well rubbed into the Chest.

A MOST ASTONISHING CURE OF SCROFULOUS ULCERS.—

A CASE CERTIFIED BY THE MAYOR OF BOSTON, ENGLAND.

Copy of a letter from J. Noble, Esq., Mayor of Boston, Lincolnshire:

To PROFESSOR HOLLOWAY,

Dear Sir.—Mrs. SARAH DIXON of Liquorpond Street, Boston, has this day deposed before me that for a considerable period she was severely afflicted with Scrofulous Sores and Ulcers in her arms, feet, legs, and other parts of her body; and although the first of medical advice was obtained, at the cost of a large sum of money, she obtained no abatement of suffering, but gradually grew worse.

Being recommended by a friend to try your Ointment, she procured a small pot, and a box of the Pills, and before that was all used, symptoms of amendment appeared. By preserving with the medicines for a short time longer, according to the directions, and strictly adhering to your rules as to diet, &c., she was perfectly cured, and now enjoys the best of health. I remain, Dear Sir, Yours Truly. (Signed) J. NOBLE.

Dated August 12th, 1853.

AN EXTRAORDINARY AND RAPID CURE OF ERYSIPELAS IN THE LEG, AFTER MEDICAL AID HAD FAILED.

Copy of a letter from Mrs. Elizabeth Yeates, of the Post Office, Aldwick Road, near Bognor, Sussex, dated Jan. 12th, 1853.

To PROFESSOR HOLLOWAY:

Sir,—I suffered for a considerable period from a severe attack of Erysipelas, which at length settled in my leg, and resisted all medical treatment. My sufferings were very great, and I quite despaired of any permanent amendment when I was advised to have recourse to your Ointment and Pills. I did so without delay, and am happy to say the result was eminently successful, for they effected a radical cure of my leg and restored me to the enjoyment of health. I shall ever speak with the utmost confidence of your medicines, and have recommended them to others in this neighborhood similarly afflicted, who derived equal benefit. I am, Sir, your obliged and faithful Servant, (Signed) ELIZABETH YEATES.

HUNTER'S CELEBRATED

Pulmonary Balsam or Cough Syrup,

PREPARED BY

CURTIS & PERKINS, DRUGGISTS,

BANGOR, MAINE.

Proof Positive—Skeptics Read—Testimony! Testimony!!

HAMPDEN, Feb. 24, 1846.

Messrs. J. Curtis, Jr., & Co.—GENTLEMEN,

I have a word to say to you, in favor of Hunter's Cough Syrup. I have the past year used in my practice, two dozen bottles of it, which I had of you, and every bottle has done good. For eight years past, I have been in the practice of Medicine, and I never have found any thing, so well calculated to operate so favorably in all diseases of the lungs as that is. I have known a hard, distressing cough, cured in forty-eight hours, by using (in broken doses) one bottle of it. One case here in particular, of a man who was thought to have a seated consumption, troubled with a hard distressing cough. I let him have one bottle, and he had two more of your Agent, Mr. Whitmore. After using the 3 bottles, he has become well, and now labors every day. He told me lately, that Hunter's Cough Syrup was the means and only means of his cure. I have given it to infants, to children, to adults, and have the pleasure to inform you that it has done good in every case. I shall do all in my power to recommend it in the cases above named, not wholly for your benefit, but for the benefit of suffering humanity.

BENJAMIN L. POMEROY.

It gives universal satisfaction—never heard a complaint from any one using it—never sold a medicine so universally successful in relieving pain and effecting cures. In all cases above stated if taken in season relief is *immediate and absolutely certain.*

HOOFLAND'S CELEBRATED GERMAN

BITTERS,

Prepared by Doct. C. M. Jackson,

AT THE GERMAN MEDICINE STORE,

120 Arch st., Philadelphia.

Their power over the above diseases is not excelled, if equaled, by any other preparation in the United States, as the cures attest, in many cases after skillful physicians had failed.

These Bitters are worthy the attention of invalids. Possessing great virtues in the rectification of diseases of the Liver and lesser glands, exercising the most searching powers in weakness and affections of the digestive organs, they are withal safe, certain and pleasant.

READ AND BE CONVINCED.

[From the Boston Bee.]

The Editor said, Dec. 22d: "Dr. Hoofland's celebrated German Bitters, for the cure of Liver Complaint, Jaundice, Dyspepsia, Chronic or Nervous Debility, is deservedly one of the most popular medicines of the day. These Bitters have been used by thousands, and a friend at our elbow says he has himself received an effectual and permanent cure of Liver Complaint from the use of this remedy. We are convinced that, in the use of these Bitters, the patient constantly gains strength and vigor, a fact worthy of great consideration. They are pleasant in taste and smell, and can be used by persons with the most delicate stomachs with safety, under any circumstances. We are speaking from experience, and to the afflicted we advise their use."

SCOTT'S WEEKLY.

One of the best literary papers published, said, August 2 "Dr. Hoofland's German Bitters, manufactured by Dr Jackson, are now recommended by some of the most prominent members of the faculty, as an article of much efficacy in cases of female weakness. As such is the case, we would advise all mothers to obtain a bottle, and thus save themselves much sickness. Persons of debilitated constitution will find these Bitters advantageous to health, as we know from experience the salutary effect they have upon weak systems."

MORE EVIDENCE.

The Hon. C. D. Hineline, Mayor of the City of Camden N. J., says:

"HOOFLAND'S GERMAN BITTERS.—We have seen many flattering notices of this medicine, and the source from which the came induced us to make inquiry respecting its merits. From inquiry we were persuaded to use it, and must say we found it specific in its action upon diseases of the liver and digestive organs, and the powerful influence it exerts upon nervous prostration is really surprising. It calms and strengthens the nerves, bringing them into a state of repose, making sleep refreshing.

"If this medicine was more generally used, we are satisfied there would be less sickness, as from the stomach, liver, and nervous system the great majority of real and imaginary diseases emanate. Have them in a healthy condition, and you can bid defiance to epidemics generally. This extraordinary medicine we would advise our friends who are at all indisposed, to give a trial—it will recommend itself. It should, in fact, be in every family. No other medicine can produce such evidences of merit."

Evidence upon evidence has been received (like the foregoing) from all sections of the Union, the last three years, and the strongest testimony in its favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complaint and Dyspepsia, no one can doubt, after using it as directed. It acts specifically upon the stomach and liver—it is preferable to calomel in all bilious diseases—the effect is immediate. They can be administered to Females or Infants with safety and reliable benefit, at any time.

LOOK WELL TO THE MARKS OF THE GENUINE.

They have the written signature of C. M. JACKSON upon the wrapper, and the name blown in the bottle, without which they are spurious.

PATENT MEDICINES.

DR. URBAN'S

ANTI-BACCHANALIAN ELIXIR:

A Safe and Sure Remedy for the Cure of

INTEMPERANCE.

IT is not in the least injurious to the system. It is pleasant to the taste, and will cure the hardest cases of intemperance. We *warrant* it, in all cases, if taken according to directions. It destroys the desire for all ardent spirits when strictly taken according to directions, and will restore the individual to the same state of sobriety in which he was before he ever drank a drop of the ardent, and he will not have the least desire for intoxicating drinks.

Intemperance is a disease; and as such the greater the excess in drinking, the more speedily is the disease developed, and to such the Elixir is presented as the balm of Gilead—the oil of consolation, peace and perfect restoration.

The more fully developed is the disease the more salutary and powerful the effects of this Elixir, at once destroying the appetite for spirits, and restoring the tone of the stomach to as healthy an action as it was before drinking a drop of ardent spirits; and when intemperance has assumed this diseased form, reason is measurably dethroned, the will to a certain extent becomes ungovernable, until often, alas! many have passed the bounds of sober restraint, and though they may desire, in their sober moments, to abandon the use of that which is so rapidly proving their bane, they cannot, unaided, and no aid has ever been tendered such, with success, until the discovery of Dr. Urban's never failing Anti-Bacchanalian Elixer; since which time none are left without excuse, as the means necessary to destroy the taste, and again enthrone reason, bringing the will into perfect subjection, by extracting the poisonous sting and temptation of the adder, are placed within every man's reach: those, therefore, who hereafter fill the grave of the drunkard must do so by choice, and not of necessity—it matters not how near it you may now be.

As the Elixir is a most powerful purifyer of the blood, the seat of all diseases, it has been used with great success, and is highly recommended in cases of Delirium Tremens, Dyspepsia, Epilepsy, Neuralgia, Liver Complaints, General Debility, Piles, and all kinds of Fevers. It is the best alterative known.

☞ The Anti-Bacchanalian is neatly put up and labelled, with full directions accompanying each bottle. Price $3 per bottle. On the receipt of the above sum it will be sent, free of charge, to any part of the United States. All letters to be prepaid. To be had from all the principal Druggists in the United States.

URBAN & DIDLAKE, 35 Third Street,
Louisville, Ky.

Dr. Urban's Vegetable Fever and

AGUE POWDERS:

The only sure remedy ever known for Chills and Fever, and warranted to cure, in all cases, if taken according to directions.

It cures, when taken according to directions, in TWENTY MINUTES, leaving no Fever after the Chill; very seldom requiring more than ONE DOSE to make a PERMANENT CURE. A great number of cases, from two to five years standing, have been CURED with the FIRST DOSE, and the Chill has never, as yet, returned. The beauty of this medicine is, that it stops the Chill in TWENTY MINUTES, or less, and the patient will be entirely clear from Fever after the Chill, which is not the case when any other medicine is used. It has superseded all other preparations wherever it has been introduced.

Read what the Editors of the Louisville Democrat say from their own observation:

"Dr Urban's medicine for the cure of chills and fever has effected some wonderful cures in our own midst. A young man who has resided for several years in Louisiana, reached New Albany a few weeks since, weak and emaciated—literally worn out physically, with long continued chills and fever. He made a short stay at the house of Judge Smith, where his old disease continued with no less severity than at home in Louisiana. Having exhausted almost every remedy known to the medical profession, he procured a box of Dr. Urban's celebrated medicine, and after taking two powders was entirely relieved and restored to health. He has been well ever since—says his health has not been as good for several years, and is now fast regaining his former vigor and the rosy cheeks he was wont to wear."

This medicine can be had at the manufacturers' Depot, 65 Third St., between Main and Market, Louisville Ky., wholesale and retail. URBAN & DIDLAKE.

☞ On the receipt of $1 the Powders will be sent, free of charge, to any part of the U. States. It may also be obtained of all the principal Druggists in the country.

To which is added, receipts for the cure of the above diseases, and a treatise on the causes, symptoms and cure of the Fever and Ague, for twenty-five cents a copy; six copies one dollar; will be forwarded to any part of the United States, by mail, free of postage. Address, postage paid, Cosden & Co., Publishers, or "box 196, Post Office, Philadelphia.

"This is, without exception, the most comprehensive and intelligible work published on the class of diseases of which it treats. Avoiding all technical terms, it addresses itself to the reason of its readers. It is free from all objectionable matter, and no parent, however fastidious, can object to placing it in the hands of his sons. The author has devoted many years to the treatment of the various complaints treated of, and 'with too little breath to puff,' and 'too little presumption to impose,' he has offered to the world at the merely nominal price of 25 cents, the fruits of some twenty years most successful practice."—HERALD.

"No teacher or parent should be without the knowledge imparted in this invaluable work. It would save years of pain, mortification and sorrow to the youth under their charge."—PEOPLE'S ADVOCATE.

A Presbyterian clergyman in Ohio, in writing of "Hunter's Medical Manual," says: "Thousands upon thousands of our youth, by evil example and the influence of the passions, have been led into the habit of self-pollution without realizing the sin and fearful consequences upon themselves and their posterity. The constitutions of thousands who are raising families have been enfeebled, if not broken down, and they do not know the cause or the cure. Any thing that can be done to enlighten and influence the public mind as to check, and ultimately to remove this wide-spread source of human wretchedness, would confer the greatest blessing next to the religion of Jesus Christ, on the present and coming generations. Intemperance, (or the use of intoxicating drinks,) though it has slain thousands upon thousands, is not a greater scourge to the human race.—Accept my thanks on behalf of the afflicted, and, believe me, your co-worker in the good work you are so actively engaged in."

One copy will be forwarded (securely enveloped and postage paid,) on receipt of 25 cents, or six copies for $1. Address, COSDEN & CO., Publishers, Box 196, Philadelphia.

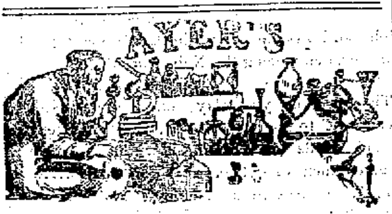
PATENT MEDICINES.



CHERRY PECTORAL,

FOR THE RAPID CURE OF

COUGHS, COLDS, HOARSENESS

BRONCHITIS, WHOOPING-COUGH,

CROUP, ASTHAMA, AND

CONSUMPTION.

This remedy is offered to the community with the confidence we feel in an article which seldom fails to realize the happiest effects that can be desired. So wide is the field of its usefulness and so numerous the cases of its cures, that almost every section of the country abounds in persons, publicly known, who have been restored from alarming and even desperate diseases of the lungs, by its use. When once tried, its superiority over every other medicine of its kind, is too apparent to escape observation, and where its virtues are known, the public no longer hesitate what antidote to employ for the distressing and dangerous affections of the pulmonary organs, which are incident to our climate.

Nothing has called louder for the earnest enquiry of medical men, than the alarming prevalence and fatality of consumptive complaints, nor has any one class of diseases had more of their investigation and care. But as yet no adequate remedy had been provided, on which the public could depend for protection from attacks upon the respiratory organs, until the introduction of the CHERRY PECTORAL.—This article is the product of a long, laborious, and I believe successful endeavor, to furnish the community with such a remedy. Of this last statement the American people are now themselves prepared to judge, and I appeal with confidence to their decision. If there is any dependance to be placed in what men of every class and station certify it has done for them, if we can trust our own senses, when we see dangerous affections of the throat and lungs yield to it, if we can depend on the assurance of intelligent Physicians, who make it their business to know,—in short, if there is any reliance upon anything, then is it irrefutably proven that this medicine does relieve and does cure the class of diseases it is designed for, beyond any and all others that are known to mankind. If this be true, it cannot be too freely published, nor too widely known. The afflicted should know it. A remedy that cures, is priceless to them. Parents should know it, their children are priceless to them. All should know it, for health can be priced to no one. Not only should it be circulated here, but everywhere, not only in this country, but in all countries. How faithfully we have acted on this conviction, is shown in the fact that already this article has made the circle of the globe. The sun never sets on its limits. No continent is without it, and but few peoples. Although not in so general use in other nations as in this, it is employed by the more intelligent in almost all civilized countries. It is extensively employed in both Americas—in Europe, Asia Africa, Australia and the far off islands of the sea. Life is as dear to its possessors there as here, and they grasp at a valuable remedy with even more avidity. Unlike most preparations of its kind, it is an expensive composition of costly material. Still it is afforded to the public at a reasonably low price, and what is of vastly more importance to them, its quality is never suffered to decline from its original standard of excellence. Every bottle of this medicine, now manufactured, is as good as ever has been made heretofore, or as we are capable of making. No soil or cost is spared, in maintaining it in the best perfection which it is possible to produce. Hence the patient who procures the genuine CHERRY PECTORAL, can rely on having as good an article as has ever been had by those who testify to its cures.

By pursuing this course, I have the hope of doing some good in the world, as well as the satisfaction of believing that much has been done already.

HENRY'S INVIGORATING CORDIAL,

PURELY VEGETABLE IN ITS COMPOSITION.

THIS INVALUABLE CORDIAL, is extracted from Herbs and Roots, which have been found after years of experience, by the most skillful Physicians, to be possessed of qualities most beneficial in the diseases for which it is recommended, and hence whilst it is presented to the public, as an efficacious remedy, it is also known to be of that character on which reliance may be placed as to its safety. In cases of Impotency, Hoemorrhages, Disordered Sterility, Menstruation, or Suppression of the Menses, Fluor Albus or Whites or for

DEBILITY

arising from any cause, such as weakness from sickness, where the patient has been confined to bed for some time for Females after Confinement, Abortion or Miscarriage this Cordial cannot be excelled in its salutary effects; or in loss of Muscular Energy, Irritability, Physical Prostration Seminal Weakness, Palpitation of the Heart, Indigestion, Sluggishness, Decay of the Procreative Functions, Nervousness, &c., where a TONIC Medicine is required, it will be found equal, if not superior to any Compound ever used.

TO FEMALES.

Henry's Invigorating Cordial is one of the most invaluable Medicines in the many Complaints to which Females are subject. It assists nature to brace the whole system, check excesses, and creates renewed health and happiness. Less suffering, disease and unhappiness among Ladies would exist, were they generally to adopt the use of this Cordial. Ladies who are debilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and to vigor.

YOUNG MEN.

That solitary practice, so fatal to the existence of man, and it is the young who are most apt to become its victims from an ignorance of the danger to which they subject themselves, causes

NERVOUS DEBILITY,

Weakness of the System, and Premature Decay. Many of you may now be suffering, misled as to the cause or source of disease. To those, then, who by excess have brought on themselves Premature Impotency, Involuntary Seminal Emissions, Weakness and Shrivelling of the Genital Organs Nervous Affection, or any other consequences of unrestrained indulgence of the sensual passions, occasioning the necessity of renouncing the felicities of

MARRIAGE,

lessening both mental and bodily capacity. Hold! Henry's Invigorating Cordial, a Medicine that is purely Vegetable, will aid nature to restore those important functions to a healthy state, and will prove of service to you. It possesses rare virtues, is a general renovator of disease, and strengthener of the system.

AS A TONIC MEDICINE,

it is unsurpassed. We do not place this cordial on a footing with quack medicines, and, as is customary, append a long list of Recommendations, Certificates, &c., beginning with "Hear what the Preacher says," and such like; it is not necessary, for "Henry's Invigorating Cordial," only needs a trial to prove that it will accomplish all we say.

THE GENUINE "HENRY'S INVIGORATING CORDIAL,"

is put up in 8 oz Pannel Bottles, and is easily recognized by the Manufacturer's signature on the label of each Bottle, (to counterfeit which is forgery,) as well as his private Seal on the cork of each Bottle.

DOCTOR D'S

Old Lock Hospital.

NO CURE NO PAY.

No. 112 Wells Street, Chicago.

The Only Certain Remedy

FOR THE CURE OF SECRET DISEASES, at 112 Wells Street. By the strict system established at the LOCK HOSPITAL, 112 Wells Street, all patients are secure of absolute privacy. The advantages of this system are too well known to need any comment. All who have any need of advice or attention from Dr. D. may confide in him with a full assurance of secrecy, and certain hope of recovery. Some of the most learned and famous men of the country have been under his charge—men of genius, intellect and power—and in no instance has the strictness of privacy been violated.

Invalids must be cautioned against the illiterate and unlearned in science, who do so much injury by quackery and imposition. The Vegetable Medicines of Dr. D. are now fully established, as the only certain remedy for venereal complaints, and those who are afflicted with such complaints, are seriously warned not to tamper with them by trusting those who practice the abuse of mercury and balsam.

Dr. D. freely invites all troubled with disorders to call upon him. His charges are regulated by the circumstances of the case. No charge will be made where a cure is not effected. Dr. D. is a regular physician, having devoted many years to the exclusive study of these diseases, comprising, in their various shades, gonorhea, syphilis, impotency, all diseases of the bones, &c. Nothing is needed but to call upon him, to make every thing satisfactory in a moment. Such is the absolute efficacy of the method of cure that no question can possibly exist about it, when once an individual becomes acquainted with the wholesome and certain process. It is but for a man to say he is afflicted, and give himself cured.

The greatest point for the consideration of every body is to avoid all communication with persons unqualified to give them relief. Serious and dangerous consequences ensue, more than the world is aware of, from the treatment of quacks and impostors.

The only certain way is to visit the Lock Hospital, or Dr. D's office, at No. 150 Wells street, and at once place yourself under his care.

☞ Office will be kept open from 9 A. M. until 9 o'clock at night.

All letters (post paid) will receive prompt attention.—Any person wishing a private room until cured can have it by applying to Dr. D. aug5-dlyr

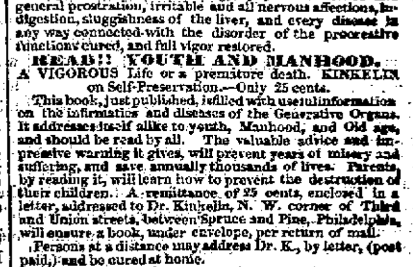
FireKing Safe, again Triumphant.



$1,000 will be paid, if reliable evidence is shown where they ever failed to protect valuables from fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 23d day of July, 1852, our entire Stock, composed of Turpentine, Alcohol, Oil, Patent Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Pohlman subsequently entered at the peril of his life and closed the doors.

After forcing the safe open after all this exposure and fire, which made us so careful for the safety of its contents, its valuables were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 18, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. McB. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 18th of December, 1851. After the fire was extinguished, its contents (books and papers,) were examined, and found to be perfectly preserved,—not a leaf of my books being scorched.

P. J. CLAASSEN,
Importer of Wines, Cigars, &c., Broadway, Albany.

After an examination of P. J. Claassen's Safe and papers, we are convinced of the superiority of Davidson's Safes over all others.

This Safe received the highest premium—a silver medal at the Fair of the New York State Agricultural Society, which was held at Albany, September 1850. Also a medal and diploma for the best burglar and fire proof safe at the same Fair held at Utica, for 1852.

Raymond, Ward Co. will receive orders for Davidson's Fire and Thief Proof Bank and Vault Doors. del8

This is to certify that on the 25th of September last we purchased of H. D. Rice, Esq., one of Mr. J. McB. Davidson's Fire Kings (No 4 Single Flange); that on the 14th of November past it was subjected to a very severe test in the burning of our warehouse, in which was stored a large quantity of whisky and other combustible materials. On opening the safe we found all our papers, consisting notes letters and receipts, perfect and entirely legible.

F. BROWN'S

Essence of Jamaica Ginger.

THIS ESSENCE is a preparation of unusual excellence. In ordinary diarrhœa, incipient cholera, in short, in all cases of prostration of the digestive functions, it is of inestimable value. During the prevalence of epidemic cholera and summer complaints of children, it is peculiarly efficacious; no family or individual should be without it, as it enables the system to resist the influence of incipient diseases which lurk in a changing climate.

CAUTION.—Be sure to get the genuine essence, which is prepared only by F. BROWN, at his Drug and Chemical Store, N. E. Corner of Fifth and Chestnut Streets, Philadelphia, and for sale by all the respectable Apothecaries in the United States. ja25-1yr
